Mark Bergeron is the branch chief.

There is several things to weigh and balance. Here is my additional take on things.

The governor has come out in support of the project. (b) (5)

Beth - It might be more useful to first talk to just ME DEP (Mark Bergeron? Is he the state PM?) and find out exactly where DEP is on this project, and what has recently transpired between DEP and the Corps. Then, if (b) (5)

Ok but I think we should keep things moving along. I know that Jay met with Mike Bergeron last week about this project and I don't want EPA to be kept out of the loop. Jay hasn't been really responsive to our email requests so far so I thought a face to face might be better. (b) (5)

We could give Jay a call instead to get an update. What do others think?

Hi Mike and Mark,
Do you want to try to set up a meeting with Jay, Mark Bergeron and possibly the applicant to go over our comments and see if we can gather current information on the project?
